SALIX x sepulcralis 'TRISTIS' (= 'Chrysocoma')

golden weeping willow

'Weeping willow'. Large deciduous tree of weeping habit with numerous golden yellow stems.

Maintenance advice: At the end of winter, on mature trees, you can rejuvenate the drooping branches by pruning them at their base. Water regularly and abundantly for the first two years.

Botanical/Horticultural origin: Horticultural origin; known since 1888

Use group: Trees
